Neighbors Protest Building of Hog Nurseries CAFO in Grant and Wolf Creek Townships

Two Confined Animal Feeding Operations (CAFOs) are being built in our neighborhood that we are aware of. One in the NWNW corner of Section 17 in Grant Township (along Jasper, south of 230th St.), and the other in Section 34 of Wolf Creek (along 210th St., west of Kossuth Ave.) in Woodbury Co. We, the undersign, do not support the construction and operation of these facilities, or adding any additional CAFO's into our local area. We are unwilling to bear the costs these facilities create including reducing our property values, air and water quality. These facilities provide no direct benefits to our community or quality of life, yet we pay the costs.
